

## District Director, Joann Glasson April 2018

### Philadelphia NABC

I hope that everyone had fun in Philadelphia!! More than 10,300 tables of bridge were played at the Marriott and Convention Center, surpassing all expectations. 4,420 players from all over the world went home with masterpoints.

District 4 players scored well in all events! Look below for a list of District 4 players who did well in Philadelphia.

Our sincere thanks to all the Committee Chairs who worked tirelessly for eleven days to make the NABC a huge success: Bruce and Judy Gwaltney (Prizes), Elaine Weintraub and Joan Warren (Information/Tours), Allison Brandt and Mike Giesler (Player Hospitality), Debi and John Klinger (Intermediate/Newcomer), Mary Miller and Lynn Ackerman (Registration), Dan Boye, Tom Purl and Walter Mitchell (Partnerships), Dian Wise (Volunteer Hospitality), Pat Civale (Volunteer Coordinator/Finance), Meyer Kotkin (Regional Schedule), Ed Kung and Janet Johnson (Restaurant Guide) and Everett Young (Parking) and all the other players who volunteered their time and most importantly, Tournament Chair, Bob Glasson, who worked like a dog for two weeks to make sure everything ran well. He was up early in the morning and didn't go to bed until late at night, assuring that all aspects of the tournament were covered. Bob's fitbit showed that he walked 126 miles during the NABC.

ACBL Board Meetings were held on the three days before the NABC and some good things were accomplished.

- A motion was passed setting up a \$2M line of credit with Bank of America. There are no plans to use this in the foreseeable future, but it will be available if a need arises.
- The 2018 budget was passed by a strong majority with a \$471K projected net loss. 2016 produced a surplus of \$608K and 2017 produced a surplus of \$586K and the Board has voted to use these funds for overdue projects. The ACBL has been dependent on an outdated AS400 computer system for way too long. We will invest a significant amount of money (\$1M) to put in place a new CRM and GL system with cloud based technology, removing this dependency and enabling ACBL staff access to new marketing and member service tools. It is an extensive project that will span two years (2017 and 2018).

- The ACBL is investing \$200K in increased training for tournament directors and four new employees will be hired in 2018 to work on ACBL technology. Looking forward, we anticipate 2019 to be a break-even year and for profits to reappear in 2020.
- New convention charts for use at ACBL tournaments were passed that replace the old mid-flight and super-flight charts. The new charts are clearer and well-defined for use at every level of tournament play. They are the work product of the Conventions Committee, led by Danny Sprung and Tom Carmichael.
- Masterpoint awards at Non-Life Master Regionals have been changed to 33% gold and 67% red from the old 25% gold and 75% red. This increase in gold points is designed to make the goal of Life Master more attainable for new players.
- Masterpoint awards at sectional tournaments, when concurrent Non-Life Master Regionals are held, were increased to count a portion of the NLM regional tables in the computation.
- Masterpoint awards were increased for NAP and GNT events.
- A district may, with permission, hold a regional in a contiguous district, but splitting regionals between districts is no longer permitted.
- Changes were made giving to give clubs more flexibility in the scheduling of STAC events.
- The ACBL Bylaws were updated, as were the arbitration, conflict-of-interest and whistle-blower policies.
- Spring NABC schedules were revamped to give non-senior players consecutive national events to play in and a motion to change evening start times from 7:30 to 7:00 was defeated.
